Fire Chief

Supervisor reported he has noticed some paint problems on the new Fire Truck. Council consensus to get back in touch with Randy's Body Shop in LaCrosse. Also reported leaks in end caps on water tank on both ends and some electrical system problems. Maintenance will check into cost of purchasing large wrench needed to tighten caps and the ability to get someone down inside the tank to do this ourselves. Council consensus to see about contacting another automotive electrical business on the electrical system. Might not be a good idea to take back to Aaron's as we have never received a bill from him for the work, Aaron evidently wrote it off. Not sure we want to encourage him to resend us that original bill.
